

GPA Distribution Tables 2023

The five categories (10%, 25%, 50%, 75%, 100%) refer to the percentile range of grades, starting with the top 10%. *N* equals the number of students in each range, achieving at least the GPA shown. GPA is the Grade Point Average. The table is based on the final transcripts of the years 2020-2022.

Biochemistry and Cell Biology

Percentile	10%	25%	50%	75%	100%	Mean GPA	Students
