Summer Camp 2024

This summer, join Constructor University's unique camp program designed to expand your knowledge in specific subjects, learn German language, participate in fun outdoor activities and sports, and visit exciting sites.

Expand your knowledge in specific subjects

June 18 — June 29 > Natural Science Camp July 6 — July 17 > Computer Science Camp July 24 — August 4 > Economics and Finances Camp

- Learn German language
- Participate in fun activities & visit exciting sites
- Make friends with students from all over the world

You'll have the opportunity to socialize and network with fellow students while having a great time!

"Thinking back on my unforgettable summer at Constructor University in Bremen, I'm truly grateful for the incredible people I met and the diverse cultures I discovered. This summer camp wasn't just about learning; it was about forging global friendships and broadening my horizons in ways I'll always treasure, I am happy to have been part of this incredible experience and to have come all the way from Morocco to represent my country in the best possible way."

Taha Hbirri, Morocco
