☐ Do not save credentials

☐ Here you can see a list of information, which will be submitted to the service. The information is based on your approval or a different legal basis. If you give/gave and approval, you can revoke this approval by ticking the check box in the future.

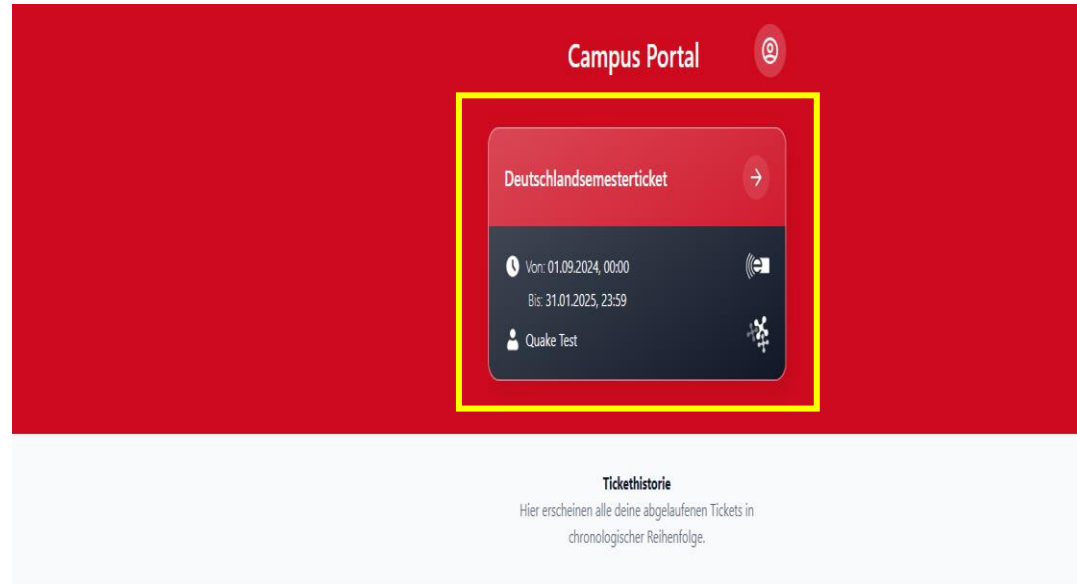

Sign on

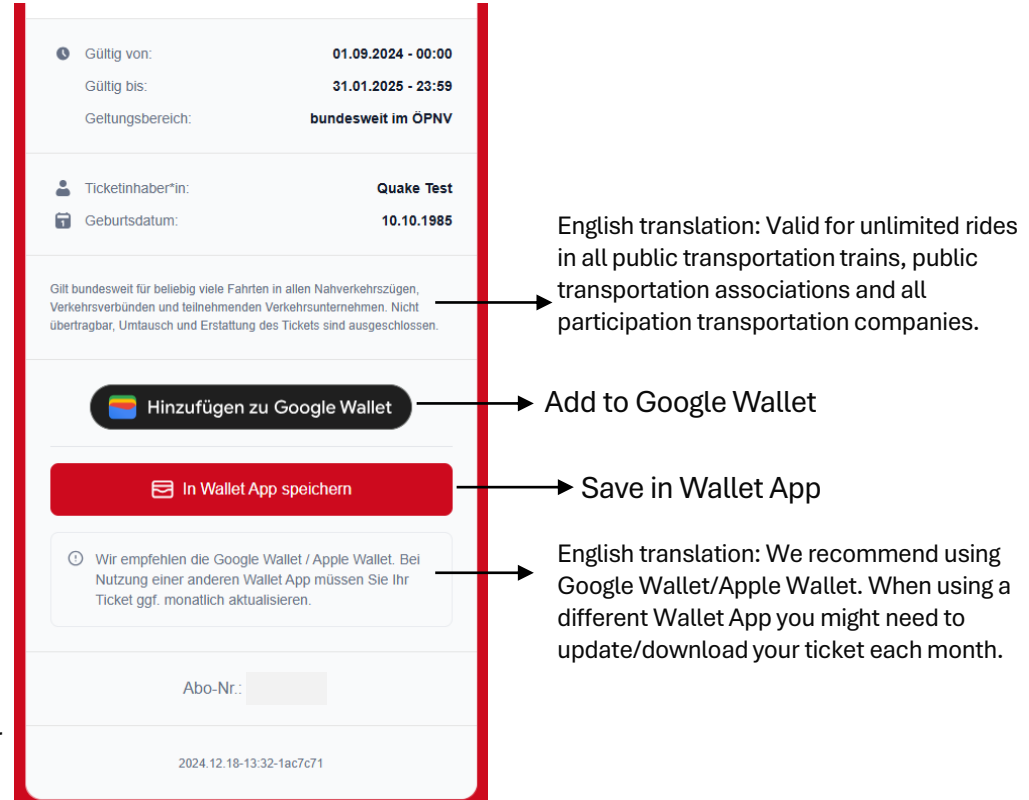

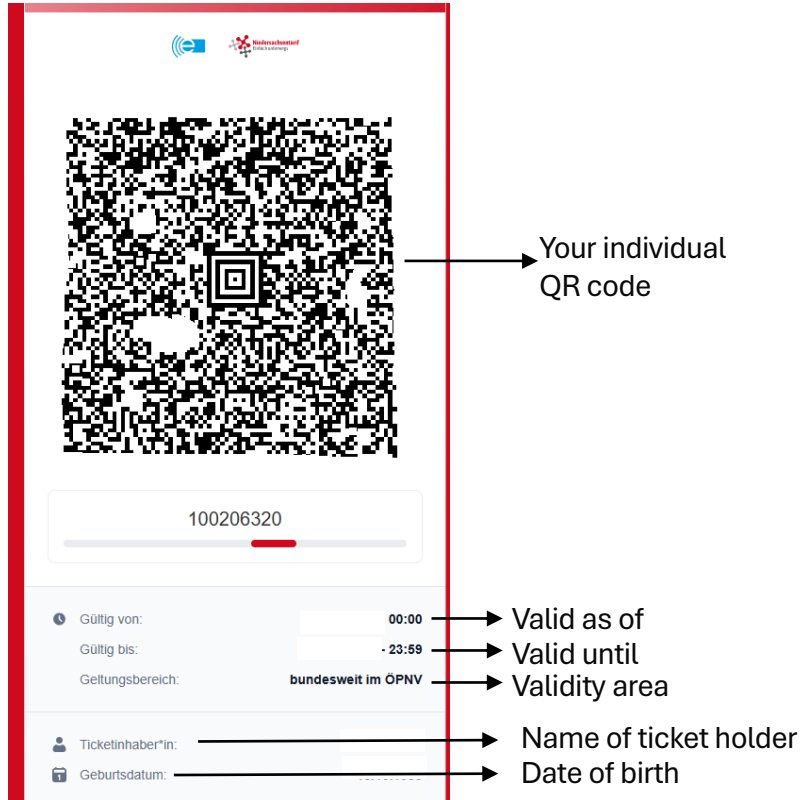

RIDE Ticketing is a software for providing the Deutschlandticket upgrade for students.

Step 2 – Select & click on your valid semester ticket

- Only students who are eligible for the semester ticket will be able to access their Deutschlandsemesterticket (*Germany-wide semester ticket*)
- The semester ticket is only valid as of the first day of the semester (1st February for Spring semesters, 1st September for Fall semesters) and can only be downloaded as of this date
- The Deutschlandsemesterticket can be used for public transportation in Germany. Further information is available [here](#) on our website
- The ticket is only available digitally
- When using the semester ticket, students need to carry a valid ID
- Students who are not eligible for the semester ticket (e.g. online program students, disenrolled students, students with an approved semester ticket dispensation) will not see a semester ticket for the current semester

Step 3 – Download the semester ticket to your wallet

Troubleshooting

- Please note that the Semester Ticket cannot be accessed outside Germany
- Please make sure your user name is accurate – it is not always identical to your university email address. Please take the user name you received with your credentials and add „@constructor.university“ after it
- Disable any and all add blockers
- Clear your cookies (all cookies not only for the last XX amount of time)
- Clear all cache (all cache not only for the last XX amount of time)
- If your issue persists please submit [this form](#)

We wish you happy and safe travels!

Thank you!
