*Full description on the website.

The Gateway Year Program is designed for high-achieving students who are ready for university-level studies but need to strengthen their academic English or obtain official state qualification. It offers a distinctive chance to start university early and take undergraduate modules with transferable credits from day one. The program's essential preparatory courses provide our students with the unique opportunity to succeed academically while guaranteeing their spot in the undergraduate program of their choice upon successful completion.

Benefit from exclusive advantages:

- ✓ Earn up to 40 credits, accelerating your bachelor's degree and reducing your study duration
- ✓ Build the English proficiency and academic confidence needed for success in an international study environment
- ✓ Strengthen core mathematical skills, essential for undergraduate studies
- ✓ Qualify on campus with our TestAS Test Centre training programs
- ✓ Guarantee a spot in your chosen undergraduate program with tailored preparation and academic support

the Gateway Year!**

International Outlook

With more than 120 nations represented on campus, students learn from a melting pot of ideas and perspectives. Such a diverse environment encourages open-minded thinking, helps students discover new passions, and prepares them to succeed in a globalized world.

Student Life & Services

- Access to on-campus canteens offering meal plan
- 24/7 campus security and monitored student housing
- Visa guidance and pre-arrival support
- Orientation program and intercultural counseling
- Student clubs for sports, arts, technology, and social engagement

Academic Support

Students benefit from small classes where learning is interactive and personal. Professors follow a transdisciplinary approach, exploring topics from multiple perspectives and serving as both mentors and academic advisors who guide you in your academic decisions.

And after your Gateway Year?

Transition seamlessly into full-time undergraduate studies in the following fall semester. Completion of the program not only grants conditional admission to your chosen undergraduate degree but also allows you to transfer up to 40 ECTS credits earned during the year, reducing your future academic workload.

Step by Step Admission

- 1** Quick and easy application on: apply.constructor.university
